- I confirm that all garments are being returned unworn and in their original condition.

- Please note if there is a price difference on your requested item(s) we will contact you via email.

*\* We understand that sometimes you change your mind and it's no problem for us to make sure you get a product that you love. Just as a reminder there are some conditions and guidelines for your exchange. We need the garments to be in their original, unworn and unwashed condition in order for an exchange to be processed.*

*\* Unfortunately on sale items are non-refundable or exchangeable. If you would like to exchange your full priced items for a product that has recently gone on-sale there may be a delay in receiving this item or it may be discontinued. In this case, you will be contacted via email and provided with alternate options. It is best to list 2 or 3 exchange items in order of preference when requesting sale items.*
